

SalonTouch.Net Releases

SalonTouch.Net Version 5.13.3

Released on 8/7/07

New	Now you may select which forms of EFT payments should appear in the dropdown boxes for EFT payments at the point of sale.
New	New security tracer report allows you to filter the report to display only selected actions.
New	Age limits may be set on each bed type.
New	New coupon items report displays information about coupon items redeemed as well as information about other items purchased on the same ticket as a coupon item that was redeemed.
New	New EFT report lists clients with EFT credit card accounts that are about to expire (or have expired).
Fix	Security profiles on new employees may not be saved with a higher level of security than the person adding the employee.
Fix	Float commission reports for provider services displays the correct name for the provider service that was sold.
Fix	Corrected the security tracer entries which when adding a new release form to a client it was stating that the release form's entries were changed from a blank value to the current value. Updates to client's release forms are being properly tracked
